About me

Hello there 🖐️, My name is Thilina Perera. I'm a Full-Stack Developer living and working in Dorchester, England.

Since the beginning of my journey as a Freelancer nearly 11 years ago, I have worked in a wide range of domains such as education, customer support, hospitality, sales and many more. My roles have ranged from freelancer to technical lead. Currently, I'm working at Noetic as an Associate Technical Lead since 2018.

Experiences

Associate Technical Lead (Frontend)

Noetic Marketing Technologies (Sri Lanka)

Oct 2018 - Present

Tech-Stack: React Native / ReactJs / NodeJs / AWS

Guest Relationship Management Platform for Oracle OPERA. We help hoteliers to make better business decisions and grow revenue by providing technology and consulting that enables hotels to acquire, migrate and retain their highest value bookers.

As the Front-End Technical Lead I was responsible for the whole Front-end team, Frontend architecture designing, initiating and developing frontend projects, managing developer experiences and many other responsibilities across Noetic.

Projects:

Imperial London Hotels Mobile App

Technologies: React Native/Native Modules (Objective-C/Android)

Noetic1 Portal
